Date Show Aired	Segment	Description of Issue	Time	Duration (minutes)	Description of Program/Segment
10/7/18	1	Doug speaks with Spokes Person for Prop 10 Damian Goodman about Ballot Measures specifically Prop 10 the Rent control bill and how it could effect our very Expensive housing market.	5am-6am	:60	Doug chats with Spokes Person for Prop 10 Damian Goodman about Ballot Measures specifically Prop 10 the Rent control bill and how it could effect our very Expensive housing market prop 10would cap the rate of growth of rents by expanding local governments authority to enact control on residential property. Damian starts off by explain the good that Prop 10 will do on California and how it could have the power to put a check on skyrocketing rents and they could be returned back to local Governments. Doug responds by pointing out that when you cap rents you essentially tie the hands of the property owners because nobody is putting a cap on expenses that property owners are paying. Goodman points out that Prop ten simply removes a restriction that local governments have imposed upon them to adopt rent control.
	2	Doug speaks with The Chairmen for the Yes on 6 Gas tax repeal Carl DeMaio about the issues with the change in initiative in regards to proposition 6 and how they changed the name of the proposition.	5am-6am		Doug talks to The Chairmen for the Yes on 6 Gas tax repeal Carl DeMaio about the issues with the change in initiative in regards to proposition 6 and how they changed the name of the proposition. DeMaio Explains that their initiative simply states that The Gas tax they the increased is hereby repealed, the car tax they levied is hereby repealed and they can never increase car or gas tax again without a vote of the people. DeMaio then goes over how the politicians have the right to change the name on the ballot and they changed it to say Prop 6 repeals roads and repairs. Doug then goes on to say that the biggest crime is what's legal and this is a perfect example of that.
10/14/18	1	Doug speaks with the Ceo of the Union Rescue Mission Reverend Andy Bales about the Extreme Homeless crisis in Californian and how all the current effort isn't going anywhere.	5am-6am	:60	Doug chats with the Ceo of the Union Rescue Mission Reverend Andy Bales about the Extreme Homeless crisis in Californian, Doug starts off by explaining that We have had so Much attention on this issue now by adding a lot of recourses and still the problem is escalating. Bales responds by explain that measure H or measure HHH are not actually keeping up with people falling into homelessness, the money has been backed up and what we have mostly is people waiting in Hotels or on the streets to find housing. Doug replies by discussing how Homelessness has become a National issue at this point and the problems are just contusing to grow.
	2	Doug speaks with La Times Columnist David Lazarus about how the FCC slapped a huge fine on a Telemarketer caught "Spoofing" and the details of exactly what that is and how it effects everyone.	5am-6am		Doug chats with La Times Columnist David Lazarus about "Telemarketer Spoofing" and how the FCC slapped a huge fine on a Telemarketer caught "Spoofing". Lazarus starts off by explain Spoofing and how most everyone has experienced this, it's a way of Telemarketers to have local imitation number from your area appear on your caller ID screen, making Caller Id absolutely useless. Doug responds by explaining that most of the calls are from Bots so that being said what is the benefit of doing this whole "Spoofing" thing in the first place. Lazarus reply's by explaing the process and how lengthy it is in the first place. This brings up the question of what the Government should do and try to go through with the many solutions we can come up with to stop this from happening.
10/21/18	1	Doug speaks with University Professor Sovereign Bornstein about his opposition to prop 7 in regards to Daylight savings.	5am-6am	:60	Doug chats with University Professor Sovereign Bornstein about Prop 7 and how it would eliminate day light savings time. Bornstein is against the time change and explains in detail about the many issues of things happening in the dark specifically with kids walking to school. Doug then points out that there is already a push to start school later and that this could be a real issue if we eliminated daylight savings.
	2	Doug speaks with Author of the Ballot measure prop 7 Lorena Gonzales about the positive effects of eliminating day light savings time altogether	5am-6am		Doug chats with Author of the Ballot measure prop 7 Lorena Gonzalez about the positive effects of eliminating day light savings time altogether. Doug starts off by pointing out the obvious advantage of not having daylight savings, that being messing around with clocks a few times of year and poses the question of what the other benefits could possibly be. Gonzales responds by explaining that Science shows that every time we change the clocks we increase rick of heart attacks and stroke and highly decrease productivity. She then points out that the time change falls around when kids are testing in school and the lack of sleep not only effects their sleep but everyone else that has a job as well.
10/28/18	1	Doug speaks with Author Peter Schweitzer about how terrorists have used Americas social security system to fund terrorism	5am-6am	:60	Doug chats with Author Peter Schweitzer about how terrorists have used Americas social security system to fund terrorism. Schweitzer starts off by explaining the fraud in the EBT system and how it falls under the vendors themselves, there are constantly flautent Ebt cards being made and sent around the world even in cases to terrorist organizations meaning that people that receive food stamps are funneling that money around the world. Doug points out that if threes money involved someone will try to cheat the system.
	2	Doug speaks with CNBC retail analyst Jan Effin about how the southern California toy business is completely changing and specifically looking to take the Barbie brand and move it into a electronic entertainment market.	5am-6am		Doug chats CNBC retail analyst Jan Effin with about how the southern California toy business is completely changing and specifically looking to take the Barbie brand and move it into a electronic entertainment market. Doug starts off by discussing how years ago they would cross over movies into toys and theme park rides so this isn't too far off. Effin goes into detail by explaining that companies feel pressured because there are only three stores to sell to now so we are seeing these huge toy companies have to re invent themselves since the physical market is dying down.
11/4/18	1	Doug speaks with Rabi Abraham Cooper about the horrific attack at the synagogue in Pittsburg	5am-6am	:60	Doug chats Rabi Abraham Cooper with about the horrific attack at the synagogue in Pittsburg, Doug starts off by saying that when an incident like this happens it represents the worst of man kind but on the flipside it opens the door to kindness acts across the country. Cooper explains all the support he and many others have received after the tragic events in Pittsburg. He then goes on to explain that for over three decades the Jewish schools and synagogos across the country have sometimes had security and that anti-Semitism has been a major problem and continues to be until something changes.
	2	Doug speaks with Executive director for safer streets La.org Jay Bieber about the 72 hour law and how many people are un aware that if you leave a car parked on a street for 72 hours you can be ticketed.	5am-6am		Doug chats with Executive director for safer streets La.org Jay Beiber about the 72 hour law and how many people are un aware that if you leave a car parked on a street for 72 hours you can be ticketed. Bieber starts off by expaining how he has tried time and time again to make it fair for the city of Los Angeles and nothing has happened even in regards to street sweeping. he goes on to explain that all the recommendations he had made were ignored and its building up to be a huge problem. Doug points out that the 72 hour law is so un-know because it is barely enforced and that's the big issue here.
11/18/18	1	Doug speaks with the Publisher of the Malibu times Karen York about The many issues of fires around California recently and specifically the Malibu fire.	5am-6am	:60	Doug Chats with the Publisher of the Malibu times Karen York about the many fires in California recently and how Karen attend a meeting in regards to the Malibu fire. York goes on to explain that the meeting wasn't all correct by focusing on what had happened but the people wanted to know what there were going to do next and how they are going to get help, specifically been if they are going to get help.
	2	Doug speaks with State Senator Jerry Hill about the Severe fires in California and how the Electric companies may be at fault with their power lines	5am-6am		Doug chats with State Senator Jerry Hill about the paradise fire and how Pacific gas and electric is possibly a prime cause to the fire and how power lines time and time again are responsible for terrible fires. Hill starts off by explaining that if we sue the utilities it has to be if they act neglclay, he points out that after the PGE explosion in 2010 they found that they are highly neglecting safety. Doug points out that the problem with that is that they cover it with raising rates.
12/2/18	1	Doug Speaks with La county supervisor Janis Hann about the severe homeless problem and what will be done after the recent press confrence.	5am-6am	:60	Doug chats with La county supervisor Janis Hann about the Homeless issue and a press confrence recently. Doug starts off by discussing measure H and how it will provide the homeless with housing. Hann responds by discussing how 2 years ago Measure H was promised to house 45,000 people in 5 years and they are on track o do that, they are constantly moving more and more people into housing.
	2	Doug Speaks with Councilmen Paul Corretes about Fred Pickle and what he has done to the DWP.	5am-6am		Doug chats with Councilmen Paul Corretes about Fred Pickle and whathe has done to the DWP. Correts starts off by explaining that the idea of Freds position was good in heinseight but now it seems pointless. Doug by responds by pointing out that Fred is not dping a full time job and Corretes explains that he made the job for himself and at this point its becoming difficult to get rid of him. over all Fre Pickle is very underqualified for the job and is causing many issues with the DWP.
	1	Doug speaks with Sherrif Alex Villa Nueva about his recent Legenday election and win as sherrif of Los Angeles County and what he plans to do in his position.	5am-6am		Doug chats with Sherrif Alex Villa Nueva about his recent Legenday election and win as sherrif of Los Angeles County. Doug starts off by pointing out the County Jails and how they are the largest Mental health facilities in America he then goes on to ask Villa Nueva about how he wildo things difrently in regards to the jail system. Villa Nueva points out that Jail Violence was the main cause if issue specifically with deputy on inmate violence and ow that was swept under the rug and what it has become now is inmate on deputy violence so he would like to make it safe for everyone there.

12/16/18	2	Doug speaks with Author Adam Levin about the issue "Porch Pirates" meaning people who steal packages from homes dorrsteps especially around the Holidays and how possibly Technology could cut down on this issue	5am-6am	:60	Doug chats with Author Adam Levin about the issue "Porch Pirates" meaning people who steal packages from homes dorrsteps especially around the Holidays and how possibly Technology could cut down on this issue. Doug starts off by explaining how we have essicnial legalized a property theft under \$950.00 to a misdeminer and people are coming down from all over the country to steal because they know they can get away with it in California. Levin responds by explaining the digital options we have avaiable now to keep our packages from being stolen, those being Cameras on your house or some programs that ask to come in to the house to drop off the package but the mist practical is being able to see your front door cameras on your mobile phones.
12/16/18	1	Doug speaks with La City Controller Ron Galper about the Posatives and negatives of the La Convention center makeover	5am-6am	:60	Doug chats with La City Controller Ron Galper about the Posatives and negatives of the La Convention center makeover. Doug points out that the La Convention Center is very important for many reasons but on the flipside the public needs to help pay for it. Galper responds by explaining how important the Convention center is for business as well as the additional hotel rooms in that area will really help everything. He then goes on to explain that if they do tax incentives they should be fully transparent and if they dont use all the money there should be a wy to get that money back.
	2	Doug speaks with Director of the Griffith Observatory Dr Edd Krupp about our universe and the posibility of finding life now with improving technology.	5am-6am		Doug chats with Director of the Griffith Observatory Dr Eddy Krupp about the many discoveries about possible intelligent life somewhere out there in the universe and how technology continues to improve from the first Moon landing. Doug goes on to discuss life in another galaxy could exactly mean, not as a living breathing organism like we are. Krupp explains that life requires certain things to exist and their study is to find galaxies or planets with that chemistry for life. Krupp goes on to explain that the real question is how is there life, how did life for us happen so its not about aliens in particular its about life in the universe and we are such a small speck.
